**ATTENDANT CARE SERVICE  
COORDINATION PROGRAM**

The CCC Attendant Care Service Coordination Program provides service coordination for adults with disabilities who receive or wish to receive attendant care services. Attendant Care Service Coordination Program assists individuals:

- develop an Individual Service Plan that outlines what personal care and housekeeping services they need to remain in their homes and communities,
- connect with local providers who provide the needed direct personal care and housekeeping services outlined in their Individual Service Plans,
- secure assistive technology, adaptive equipment or home modifications as needed.

Attendant Care service coordinators also serve as liaisons between the individual and their provider of direct care services, ensuring that services are provided at the frequency, duration, and quality outlined in that individual's service plan. They reassess individuals to ensure that their services are redesigned to meet changes in their health or living arrangements.

The Attendant Care Service Coordination Program is funded through the PA Department of Human Services Office of Long Term Living.

Services are provided to individuals residing in Butler, Venango, Armstrong, Mercer, Clarion, Allegheny, Beaver and Lawrence Counties. Services are provided free of charge to income-eligible adults, and on a sliding fee scale for others.
