

Community Home Program

ABOUT THE COMMUNITY HOME PROGRAM

The **Community Home Program** gives our residents the support they need so that they can fully enjoy life.

The **Community Home Program** offers eight residences for adolescents and adults with disabilities. Located throughout Butler County, our homes have been in operation since 1978.

Each residence serves as home to three people, who decorate their own bedrooms according to their personal tastes. Meals are served family style, with everyone helping according to their capabilities.

Our staff is trained to perform:

- Medication administration and emergency management
- Safe, dignified personal care and daily household tasks
- CPR

Other skills which help maintain personal independence are incorporated into each individual's daily routine.

During the day the residents attend school, go to work or participate in Adult Day programs. In their leisure time they enjoy TV, movies, crafts, music, hobbies and personal time with family or friends.

The residents' family members and friends are welcome to visit at any time. Homes have accessible vehicles to provide transportation to various community activities.

"We are very pleased with the care and attention our son receives."
